

General Features

Auto Time Zone

Always on time

Keeping track of time is a full-time job better left to Kronaby. No matter how many time zones you cross, it automatically displays the local time accurately.

Battery Life

Never Charge

With a standard battery that lasts up to two-years (depending on use), you'll never again have to put life on hold while searching for an outlet to recharge.

Filtered Notifications

Never miss what matters

There is a fine line between staying connected and being distracted. That is why Kronaby lets you choose to be notified only by the people and of the goings-on you care most about.

Get Moving

Take a stand

Get up and get moving – there is increasing evidence that we need to spend less time sitting to maintain a healthy physique. Let Kronaby send you a gentle reminder when you've been inactive for too long.

Reject Call

Decline with a tap

In our connected world, prioritizing incoming phone calls is an inevitable modern-day nuisance. Kronaby just made it a little less of a hassle through the Decline Call button on your wrist.

Silent Alarm

A gentle wake-up call

By switching on the silent alarm, the watch's soundless vibrations wake only you, letting those around you carry on snoozing.

Watch Face Features

Additional Time Zone

In sync with the world

Kronaby keeps you continuously connected with the outside world by letting you select an additional time zone to be displayed on the watch face.

Daily Hundred

Every step counts

Statistics shows that activity is a key for a healthier life. Set a step goal and monitor your progress directly on your wrist. Let your smartphone analyze your activity for deeper insights.

Date

Stay up-to-date

Knowing the current date is a fundamental piece of information that is readily available through the push of a button. How would you be able to stay in the present moment otherwise?

Timer

Keeping count

Proper time management is hard to achieve without the right tools. A timer allows you to box your chores and find your focus. Done right, time management is life management.

Pusher Features

Camera Remote

Picture perfect

The built-in camera remote lets you switch places, from always being the person behind the camera to sharing the moment with your friends in front of it. It is sure to make for a prettier picture.

Find Phone

Never lost again

Busy days make us all forget and misplace things. The clever pusher on your watch reveals your phone's whereabouts, saving you the involuntary scavenger hunt.

Music Control

Immediate tunes

Kronaby gives you instant access to your favourite music, whenever and wherever you want. Press Play and let it influence how you think, feel and move.

Remember This Spot

You were here

Part of living is trying new things and experiencing unfamiliar places. But before you do, make sure to press the GeoTag button, so you can be sure to find your way back to the spot whence you embarked upon that new adventure.

Walk Me Home

Feel safe 24/7

Being free to move around safely should be everyone's prerogative. A push of button sends a signal to a loved one, letting them respond and follow your every step. It's like having someone walk you home, but from a distance.
